EDUCATION

BP Poddar Institute of Management and Technology

B.Tech(cse) — GPA: 8.23

Kolkata

Sept. 2021 – Jun 2025

D.A.V. H/S CUM Govt. Inter College

Higher Secondary — Percentage: 80.6

Siwan

2017 – 2019

Mahabiri Saraswati Bidya Mandir

Secondary — CGPA: 9.6

Siwan

2012 – 2017

SKILLS

Programming: Java, Python, HTML, CSS, JavaScript

Libraries/Frameworks: React.js, Express.js, Bootstrap, Tailwind CSS, NumPy, Pandas, TensorFlow, Keras, Scikit-learn

Technologies: Full-stack development, Machine Learning, Deep Learning

Databases: MongoDB, MySQL

Computer Fundamentals: OOPs, Operating Systems, DBMS

CERTIFICATIONS

AI/ML Engineer (Beginner) — Infosys Springboard

PROJECTS

Restaurant Order System — [Live Link](#)

Features

- **User:** Sign up / login (email + third-party); browse menu; place orders; payments; real-time order tracking.
- **Admin:** View and update orders; manage dishes (add/modify/delete); authentication for admins.
- **Tech stack:** React.js, Express.js, MongoDB, Tailwind CSS.

Fraud Detection

Binary classification using deep learning

- Developed a deep learning model to classify transactions as fraudulent or genuine using features like amount, frequency, and device information.
- Training accuracy: 95.02%, Test accuracy: 95.10%.
- **Tech stack:** TensorFlow, Keras, NumPy, Pandas, Scikit-learn.

ACHIEVEMENTS

- Participated in TCS CodeVita Season 12 — Rank: 3078.
- Solved 300 DSA problems across LeetCode, GFG, etc.
- Participated in Flipkart Grid 5.0 — Software Development track.
